Advanced Spanish Language II is designed for students who demonstrate mastery of intermediate-level vocabulary and grammar in conversational Spanish and who show a capacity for excelling at advanced levels. The primary goal is to help the student acquire communication skills that will permit the student to carry on spontaneous and fluid conversations with native Spanish speakers centered on topics and concepts of advanced complexity in diverse contexts. The course seeks to develop conversational language skills through focused tasks, lessons on the use of grammatical structures, exercises for reading and listening comprehension, a great deal of interaction and conversation, and activities that are engaging and interactive. Each classroom period centers on a discussion theme, and lessons and activities derive from this. Lessons and activities may be conducted inside or outside the classroom, and can include interviews, dramatizing real or imaginary situations, and exploring language and culture through different media, such as newspapers, literature, cinema, music, and legends. Homework assignments include exercises from the Costa Rican-authored novel Única Mirando al Mar, the CPI workbook (Tareas #3), or internet research, for instance, to prepare oral presentations.

Course Requirements

Preparation

This refers to having materials and the attitude necessary to begin classwork in the classroom on time. It includes having homework ready for submission on the due date.

Oral Presentation

This refers to a 15-20 minute verbal presentation that the student makes in front of the instructor and classmates on a theme that the student chooses.

Quizzes

During the semester there will be four quizzes covering vocabulary and grammar, and will include simple essays.
Reading comprehension

During the course students will read various texts, and reading comprehension will be assessed with four quizzes.

Homework

There will be daily assignments from the workbook that must be completed for the next class. Incomplete or late homework will result in the loss of points.

Final Exam

This is a comprehensive exam in a varied format: multiple choice, sentence completion, short answer, associations, reading comprehension and listening comprehension. It will cover all material covered in class and from homework assignments.

Participation

Participation means attending class, paying attention, voluntarily providing answers, not speaking out of turn, working actively in group dynamics or teams, avoiding your native language, interacting with people, being focused and engaged in class, and keeping a positive attitude.

Attendance

Regular class attendance is required throughout the program, and all absences will result in a lower participation grade for any affected CIEE course. Due to the intensive schedules for Open Campus and Short Term programs, absences that constitute more than 10% of the total course will result in a written warning.

Students who transfer from one CIEE class to another during the add/drop period will not be considered absent from the first session(s) of their new class, provided they were marked present for the first session(s) of their original class. Otherwise, the absence(s) from the original class carry over to the new class and count against the grade in that class.
For CIEE classes, excessively tardy (over 15 minutes late) students must be marked absent.

Attendance policies also apply to any required co-curricular class excursion or event, as well as to any required field placement. Students may not miss placement/work hours at an internship or service learning site unless approved in advance by the Academic Director and placement supervisor. All students must complete all of the requisite 100 minimum work hours on site at the internship or service learning placement to be eligible for academic credit.

Students who miss class for personal travel, including unforeseen delays that arise as a result of personal travel, will be marked as absent. No make-up or re-sit opportunity will be provided.

Attendance policies also apply to any required class excursion, with the exception that some class excursions cannot accommodate any tardiness, and students risk being marked as absent if they fail to be present at the appointed time.

Absences for classes will lead to the following penalties:
