Programs offering course: Middle East Studies
Language of instruction: Arabic
U.S. semester credits: 6

Based on the results of the proficiency test, instructors may include an extended review, including concepts covered in previous levels. In other cases, instructors may accelerate the pace and introduce new concepts at the end of term. These adjustments will be included in the weekly plans.

Learning Objectives

By completing this course, students will:

- Summarize listening passages and solve objective and subjective questions both stated and implied
- Discuss a topic in good language and answer questions
- Differentiate synonyms and antonyms and outline the main ideas and meaning of some new vocabulary from the context
- Apply learned grammar such as prepositions, object, negation, and conjunctions, etc. and produce nominal and verbal sentences
- Produce a daily journal and a small essay using the vocabulary they have learnt

Course Prerequisites

* Expectations of Previous Study: Two semesters prior study; Mastery of all materials covered in Al-Kitaab, Book I up to Chapter 10 or similar series. ** Expected score on proficiency exam administered on-site: 21 to 35 points

Course Requirements

Homework

You are expected to turn your homework in on-time on the day that it is due. If you do not, the instructor can refuse to accept your work or reduce your grade on the assignment.

Oral Presentation

Students will be asked to prepare and present various types of graded oral presentations, such as skits, dialogues, and formal presentations. The instructor will provide the students with clear guidelines and expectations for these oral presentations so that the students can prepare accordingly. Students may prepare scripts or outlines for these presentations but they should be prepared to deliver the presentations without reading from them verbatim.

Quizzes
There will be a number of minor quizzes throughout the semester to check that students have adequately prepared for class by learning new vocabulary or grammar lessons.

Chapter Tests

There will be a test after every unit to test student’s knowledge of vocabulary and grammar from that particular unit. While unit tests focus on particular units they will build upon previous material covered in the course.

Final Exam

The final exam is comprehensive, testing student’s mastery of all vocabulary and grammar covered in the course. It also includes sections that test all language skills: writing, reading comprehension, listening comprehension, and oral production.

Class Participation

In order to get the most out of each class, it is very important that you are prepared, alert, and engaged during class activities. In-class activities are designed with the assumption that you already studied the vocabulary and grammar explanations at home and are prepared to activate that knowledge in class.

Attendance

It is essential that you attend every class in order to not fall behind. Within three days of your absence you need to submit an Absence Notification Form to the CIEE Resident Staff. If your absence is excused they will give you an Excused Absence Confirmation that you should show to your instructors. At the end of the semester, one unexcused absence will be dropped for each student. If you come to class late it will reduce your participation grade. If you are more than 20 minutes late for class it will be considered an absence.
N.B. Course schedule is subject to change due to study tours, excursions, or local holidays. Final schedules will be included in the final syllabus provided to students on site.
