Course Description

This course explores the political and diplomatic history of the Habsburg Empire, from the emergence of the Habsburg dynasty to the dissolution of Austria-Hungary at the end of World War I, emphasizing key turning points, such as the reign of Maximilian I and his marriage policy, the figure of Charles V, the Battle of Mohacs and the birth of a Central European Empire, the Counter-Reformation, the enlightened absolutism of Maria Theresa and Joseph II, the system of Metternich and the reign of Francis Joseph. This provides a framework for an analysis of interdisciplinary questions, such as the role of religion or the multinational Empire, with the aim of bringing to the fore the uniqueness of the culture developed in the Empire.

Learning Objectives

By completing this course, students will:

- demonstrate an in-depth understanding of the history of the Habsburg Empire;
- contextualize European history through the study of the Empire’s interaction with the major European powers;
- examine and illustrate the impact of the Habsburgs on the cultural environment in Prague and Central Europe;
- analyze primary texts involving the history of the Habsburg Empire and critically read the secondary literature on Central Europe;
- apply this knowledge of the history and analytical skills to produce a research paper.

Course Prerequisites

None, but general knowledge of European history is helpful. Interest in history is a must, as well as the readiness to use local resources, especially libraries.

Methods of Instruction

This course is lecture-based (which does not mean that questions and discussions are not strongly encouraged). Chronologies and summaries are provided for each chapter (on Canvas). The required readings are available on Canvas, they amount to an average of about 40 pages/week. They combine primary and secondary sources (in English translation).

This class includes a field trip to discover how the Habsburg rule over Bohemia has shaped Prague’s architecture. Other field trips might be organized (according to the number of students and the cultural program in Prague during the semester). Field trips are part of the regular curriculum.

Participation in the CIEE optional abroad trip to Vienna is strongly recommended.

Assessment and Final Grade

1. Two Short Quizzes 10%
2. Presentation 10%
3. Research Paper 30%
4. Midterm Exam 20%
5. Final Exam 20%
Course Requirements

Two Short Quizzes

Two unannounced short quizzes will test the students’ knowledge of the significance of main historical events in the Habsburg history and their understanding of the most important points discussed in class.

Presentation

Each student will be responsible for researching the history of a specific site related to Habsburg history (the list depends on the number of students enrolled in the class and will therefore be made available at the beginning of the semester) and to present it during the tour of Habsburg Prague. S/he will prepare a one-page handout with a summary of the findings to be distributed to the other students during the tour. The instructor is available to review this handout beforehand but it is the responsibility of each student to have enough copies on the day of the tour.

Research Paper

Each student will write a research paper whose topic will be chosen with the help of the lecturer and according to his/her major and interests. For the writing of this paper, the use of Prague libraries (especially of the National Library at the Klementinum) is highly recommended. The paper should have a length of 3000 words (+/- 10%) and respect the following format: Times New Roman 12, spacing 1.5, margins 1 inch. In the course of the semester, each student will submit a proposed topic and bibliography and an outline, before submitting the final paper at the end of the semester.

Midterm Exam

Final Exam

Midterm and final exams are not cumulative. They last for one session and consist of 2 essays each. They should be prepared with the help of the study questions available on Canvas. Time permitting, review sessions might be organized but the students are strongly encouraged to study regularly, alone, or in groups. The instructor is available for help and advice regarding the study questions.

Participation

The participation grade will reflect the engagement of the student in the class, his/her contribution to the learning atmosphere and preparedness for the discussion of primary sources. The primary texts should be studied with the help of reading questions available on Canvas.

CIEE Prague Participation Policy

Assessment of students’ participation in class is an inherent component of the course grade. Students are required to actively, meaningfully and thoughtfully contribute to class discussions and all types of in-class activities throughout the duration of the class.

Students are responsible for following the course content and are expected to ask clarification questions if they cannot follow the instructor’s or other students’ line of thought or argumentation.

The use of electronic devices is only allowed for computer-based in-class tests, assignments and other tasks specifically assigned by the course instructor. Students are expected to take notes by hand unless the student is entitled to the use of computer due to his/her academic accommodations. In such cases the student is required to submit an official letter issued by his/her home institution specifying the extent of academic accommodations.

Class participation also includes students’ active participation in Canvas discussions and other additional tasks related to the course content as specified by the instructor. If missing a class, the student is expected to catch up on the class content and to submit well-reflected and in-depth contributions to Canvas discussions on the particular topic or reflections to the instructor to ensure that his/her absence from the class will not significantly affect his/her participation grade.

Students will receive a partial participation grade every three weeks.

Attendance
Regular class attendance is required throughout the program.

If you will miss a class for any reason, notify the Program Coordinator and your instructor beforehand via Canvas. You are responsible for any materials covered in class during your absence, and except in the specific cases listed below, credit will not be granted for missed assessments.

Excessive absences will result in a notification letter, and finally a warning letter, sent to you and your home school, based on the following:

<table>
<thead>
<tr>
<th>% of course hours missed</th>
<th>Number of CIEE classes</th>
<th>Minimum penalty</th>
</tr>
</thead>
<tbody>
<tr>
<td>Up to 10%</td>
<td>One to Three 90-min. classes; or One 180-min. class</td>
<td>No penalty</td>
</tr>
<tr>
<td>10% - 20%</td>
<td>Four 90-min. classes</td>
<td>Written notification* to the student, followed by a warning letter to the student and home school; 3% reduction in the final grade</td>
</tr>
<tr>
<td></td>
<td>Five 90-min. classes</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Two 180-min. classes</td>
<td></td>
</tr>
<tr>
<td>More than 20%</td>
<td>Six 90-min. classes; or Three 180-min. classes</td>
<td>Automatic course failure, and possible expulsion with notification to the home school</td>
</tr>
</tbody>
</table>

* The notification letters are intended to ensure that you are well advised in advance of any potential for failure or dismissal, so that you can take steps to avoid this.

As the table shows, missing more than 20% of any class (e.g., due to undocumented illness, travel delays, flight cancellations, over-sleeping, etc.) results in automatic failure of the course.

If you miss an assessment in class due to an absence, you will be able to make it up in the following instances:

- You provide a relevant doctor's note from a local medical professional to your Program Coordinator within 24 hours of your absence (a scan or photograph sent via e-mail are acceptable)
- A CIEE staff member verifies that you were too ill to attend class.
- You provide evidence of a family emergency to your Program Coordinator.
- You have an approved absence related to the observance of a religious holiday from the Academic Director based on a request submitted before you arrived onsite.

Please note: Absences incurred due to documented illness, documented family emergency or the observance of a religious holiday approved before arrival onsite do not count towards the total of absences. Students may self-certify one absence due to illness without providing a doctor's note as long as they notify the Program Coordinator within 24 hours of their absence by e-mail or a text message.

Other attendance-related policies

If you transfer from one CIEE class to another during the Add/Drop period, you will not be considered absent from the first session(s) of the new class provided you were marked present for the first session(s) of the original class.

If you are over 15 minutes late for a class, the instructor is required to mark you absent.

In case of class conflicts (irregularities in the class schedule, including field trips and make-up classes), always contact the Academic Department to decide the appropriate course of action.

Please remember to track your attendance on the Canvas Course Sites and report any errors in the record to the Academic Department within one week of the discrepancy date, as later claims may not be considered.

These attendance rules also apply to any required co-curricular excursion, activity, or event, and to for-credit internships.

CIEE staff does not manage absences at partner institutions providing direct enrollment classes (FAMU, ECES and FSV), but they have similar attendance policies and attendance is monitored there. Grade penalties may result from excessive absences.

N.B. Course schedule is subject to change due to study tours, excursions, or local holidays. Final schedules will be included in the final syllabus provided to students on site.
