**Course Description**

This course is designed for students with two semesters of college-level Spanish. The primary objective of this intermediate course is to allow students to achieve maximum communicative competency in the Spanish language and immersion in Spanish life. In this course, intermediate Spanish language students will gain a broader cultural, lexical and grammatical foundation for their language studies.

**Learning Objectives**

By completing this course, students will:

- Demonstrate linguistic and communicative competences of intermediate Spanish language students.
- Write clear and well-structured descriptive or narrative texts on subjects familiar to them.
- Hold an argumentative conversation based on simple topics.
- Use idiomatic expressions and identify and eliminate some Anglicisms in their speech.
- Understand the characteristics of Mexican Spanish in different socio-cultural immersion contexts.
- Command a deeper understanding of the Spanish grammar, syntax and vocabulary.

**Course Prerequisites**

This course is designed for students with two to three semesters of college-level Spanish, or the equivalent as determined by a placement test.

**Methods of Instruction**

The tasks will be organized by Weekly Topics, so that each session of a week is related to the others.

At the end of each week, students will have to do a written and oral presentation and a mini test/written assignment with a focus on the grammatical/lexical content covered along the week.

Students will be provided with extra material as homework to reinforce the grammatical and lexical aspects seen in the classroom.

Each of the presentations and tests will count for the final grade.

**Assessment and Final Grade**

1. Daily Homework 10%
2. Oral Presentations in class and Weekly Projects 25%
3. Weekly Tests 20%
4. Final Evaluation 25%
5. Participation 20%

**TOTAL 100%**

**Course Requirements**

**Daily Homework**

Students will be given written homework on a daily basis to reinforce the grammatical and lexical aspects covered in the classroom that will be checked by the instructor in class everyday. Homework will include both text completion exercises, answering questions and writing texts (250-300 words). Failing to complete their daily
homework will result in a lower final grade of the course.

Oral Presentations in class and Weekly Projects

At the end of each week, students will have to present and deliver a presentation of their weekly project. Both the delivery of the presentation and the written project will be assessed. Failing to complete their oral and written weekly projects will result in a lower final grade of the course. Each report should be 350 words.

Weekly Tests

At the end of each week, students will have to sit a mini-test where they will be assessed on the grammatical and lexical content of the week. Each of the weekly assessment will count for the final grade.

Final Evaluation

The four language skills (oral and written expression, oral and written comprehension) will be tested through written comprehension and guided production activities, as well as oral discussion on proposed subjects.

Participation

Participation is valued as meaningful contribution in the digital and physical classroom, utilizing the resources and materials presented to students as part of the course. Meaningful contribution requires students to be prepared in advance of each class session and to have regular attendance. Students must clearly demonstrate they have engaged with the materials as directed, for example, through classroom discussions, online discussion boards, peer-to-peer feedback (after presentations), interaction with guest speakers, and attentiveness on co-curricular and outside-of-classroom activities. Each student is expected to actively participate in class, and this is absolutely necessary to the effective functioning of the course as well as to individual progress. Participation and the investment of an appropriate amount of time in the preparation of each session will be taken into account in the determination of final grades.

Attendance

Regular class attendance is required throughout the program, and all absences will result in a lower participation grade for any affected CIEE course. Due to the intensive schedules for Open Campus and Short Term programs, absences that constitute more than 10% of the total course will result in a written warning.

Students who transfer from one CIEE class to another during the add/drop period will not be considered absent from the first session(s) of their new class, provided they were marked present for the first session(s) of their original class. Otherwise, the absence(s) from the original class carry over to the new class and count against the grade in that class.

For CIEE classes, excessively tardy (over 15 minutes late) students must be marked absent.

Attendance policies also apply to any required co-curricular class excursion or event, as well as to any required field placement. Students may not miss placement/work hours at an internship or service learning site unless approved in advance by the Academic Director and placement supervisor. All students must complete all of the requisite 100 minimum work hours on site at the internship or service learning placement to be eligible for academic credit.

Students who miss class for personal travel, including unforeseen delays that arise as a result of personal travel, will be marked as absent. No make-up or re-sit opportunity will be provided.

Attendance policies also apply to any required class excursion, with the exception that some class excursions cannot accommodate any tardiness, and students risk being marked as absent if they fail to be present at the appointed time.

Absences for classes will lead to the following penalties:
N.B. Course schedule is subject to change due to study tours, excursions, and local holidays. Final schedules will be included in the final syllabus provided to students on site.
