Course title: Central European Politics
Course code: POLI 3006 PRAG
Programs offering course: Central European Studies, Communication, New Media, and Journalism
Language of instruction: English
U.S. semester credits: 3.00
Contact hours: 45.00
Term: Spring 2021

Course Description

This course is designed to enhance students' knowledge of Central European developments during and after the democratic revolutions of 1989. The course examines the democratic revolutions in 1989, the institutional and international framework of the transition process, and specific problems of democratization in Central Europe. It discusses the main turning points of modern political history of the respective countries of the Central European geopolitical space and presents similarities and differences of such developments. In addition, the course explores the constitutional systems of the Central European countries (Czech Republic, Slovakia, Poland, Austria, and Hungary), the effects of the enlargement of the European Union towards Central European countries after May 2004 and the results of the elections into the European Parliament in Central Europe in May 2014. Special attention is paid to the current dramatic events on the European continent including the migration crisis, the British referendum (Brexit) in June 2016, and others.

Learning Objectives

By completing this course, students will:

- Outline and assess the main developments of Central European politics after the changes of 1989 and the effects of the EU integration process on this geopolitical region;
- Research, describe and critically evaluate the contemporary political developments in one of the Central European countries (based on students' interests);
- Compare some political trends in the whole geopolitical region (political systems, economic transition, cultural identity, etc.).

Course Prerequisites

General interest in European politics and in integration studies is expected.

Methods of Instruction

The teaching methods include: lecture and respective debate and discussion on readings. The students are divided into small groups (2-3 students) and every group covers the political developments in one of the Central European countries and informs the others at the start of every lesson. The professor helps students plan their trips through the Central European space. Both CIEE optional trips to Berlin and Vienna are strongly recommended to these students. Great attention is paid to the analysis of the political press (printed and online).

The weekly assigned readings will provide the students with opportunities to discuss and interpret political literature concerning this area. During the class discussions, students will also gain appreciation of the importance to study Central European languages. Students will develop the basic research skills in the respective field. The teacher will help the students choose and work on their final papers paying respect to their major and minor studies.

Assessment and Final Grade

1. Central-European country reports and portfolio  20%
2. Midterm Test  20%
3. Final Written Test  20%
4. Final paper including presentation  20%
Course Requirements

Central-European country reports and portfolio

Throughout the course, students will carry out research about one Central European country of their choice, based on requirements specified by the instructor on a weekly basis. Findings will be shared in class on a regular basis and the Country Portfolio will be submitted to the instructor during Week 11.

Midterm Test

The midterm test will be written in the classroom in the sixth week of the program. The midterm test will test basic acquaintance with the issues discussed in the first five weeks.

Final Written Test

The final written exam in the classroom will test basic acquaintance with the issues discussed in the second half of the course, during Week 12.

Final paper including presentation

The final paper (2000-2500 words) will be handed over for evaluation in the last week of the program. The selection of the topic will start in the middle of the semester, the professor will help with sources or interview persons. In addition, students are required to present on the subject of their research in class during the final week of classes (8-10-minute long individual presentations).

Class Participation

Class participation is assessed regularly and partial participation grades are distributed four times per semester. Active participation includes activity in class (answering instructor’s questions, working on tasks as assigned, demonstrating home preparation for class, including required readings, etc.). The instructor reserves the right to give short quizzes on the reading or past lecture content, which will be included in the Class Participation grade for details on CIEE Prague Participation Policy, see the section below.

CIEE Prague Class Participation Policy

Assessment of students’ participation in class is an inherent component of the course grade. Participation is valued as meaningful contribution in the digital and tangible classroom, utilizing the resources and materials presented to students as part of the course. Students are required to actively, meaningfully and thoughtfully contribute to class discussions and all types of in-class activities throughout the duration of the class. Meaningful contribution requires students to be prepared, as directed, in advance of each class session. This includes valued or informed engagement in, for example, small group discussions, online discussion boards, peer-to-peer feedback (after presentations), interaction with guest speakers, and attentiveness on co-curricular and outside-of-classroom activities.

Students are responsible for following the course content and are expected to ask clarification questions if they cannot follow the instructor’s or other students’ line of thought or argumentation.

The use of electronic devices is only allowed for computer-based in-class tests, assignments and other tasks specifically assigned by the course instructor. Students are expected to take notes by hand unless the student is entitled to the use of computer due to his/her academic accommodations. In such cases the student is required to submit an official letter issued by his/her home institution specifying the extent of academic accommodations.

Class participation also includes students’ active participation in Canvas discussions and other additional tasks related to the course content as specified by the instructor.

Students will receive a partial participation grade every three weeks.

Attendance

Regular class attendance is required throughout the program.

If you will miss a class for any reason, notify the Program Coordinator and your instructor beforehand via Canvas. You are responsible for any materials covered in class during your absence, and except in the specific cases listed
below, credit will not be granted for missed assessments.

Excessive absences will result in a notification letter, and finally a warning letter, sent to you and your home school, based on the following:

<table>
<thead>
<tr>
<th>% of course hours missed</th>
<th>Number of CIEE classes</th>
<th>Minimum penalty</th>
</tr>
</thead>
<tbody>
<tr>
<td>Up to 10%</td>
<td>One to Three 90-min. classes; or One 180-min. class</td>
<td>No penalty</td>
</tr>
<tr>
<td>10% - 20%</td>
<td>Four 90-min. classes</td>
<td>Written notification* to the student, followed by a warning letter to the student and home school; 3% reduction in the final grade</td>
</tr>
<tr>
<td></td>
<td>Five 90-min. classes</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Two 180-min classes</td>
<td></td>
</tr>
<tr>
<td>More than 20%</td>
<td>Six 90-min. classes; or Three 180-min. classes</td>
<td>Automatic course failure, and possible expulsion with notification to the home school</td>
</tr>
</tbody>
</table>

* The notification letters are intended to ensure that you are well advised in advance of any potential for failure or dismissal, so that you can take steps to avoid this.

As the table shows, **missing more than 20% of any class (e.g., due to undocumented illness, travel delays, flight cancellations, over-sleeping, etc.) results in automatic failure of the course.**

If you miss an assessment in class due to an absence, you will be able to make it up in the following instances:

- You provide a relevant doctor's note from a local medical professional to your Program Coordinator within 24 hours of your absence (a scan or photograph sent via e-mail are acceptable)
- A CIEE staff member verifies that you were too ill to attend class.
- You provide evidence of a family emergency to your Program Coordinator.
- You have an approved absence related to the observance of a religious holiday from the Academic Director based on a request submitted before you arrived onsite.

**Please note:** Absences incurred due to documented illness, documented family emergency or the observance of a religious holiday approved before arrival onsite do not count towards the total of absences. Students may self-certify one absence due to illness without providing a doctor's note as long as they notify the Program Coordinator within 24 hours of their absence by e-mail or a text message.

**Other attendance-related policies**

If you transfer from one CIEE class to another during the Add/Drop period, you will not be considered absent from the first session(s) of the new class provided you were marked present for the first session(s) of the original class.

If you are over 15 minutes late for a class, the instructor is required to mark you absent.

In case of class conflicts (irregularities in the class schedule, including field trips and make-up classes), always contact the Academic Department to decide the appropriate course of action.

Please remember to track your attendance on the Canvas Course Sites and report any errors in the record to the Academic Department within one week of the discrepancy date, as later claims may not be considered.

These attendance rules also apply to any required co-curricular excursion, activity, or event, and to for-credit internships.

CIEE staff does not manage absences at partner institutions providing direct enrollment classes (FAMU, ECES and FSV), but they have similar attendance policies and attendance is monitored there. Grade penalties may result from excessive absences.

**N.B. Course schedule is subject to change due to study tours, excursions, or local holidays. Final schedules will be included in the final syllabus provided to students on site.**
